# BECOME A BUSINESS PARTNER

As a non-profit organization in Central Oregon, our work is made possible by our supporting members, including our committed Business Partners.

As a supporting Business Partner, your membership will uphold your business's commitment to planning for a sustainable future right here at home. **Together, we can defend and plan for Central Oregon's livable future.**

# WHY SUPPORT LANDWATCH?

Between the pressures of increasing development and a changing climate in Central Oregon, how we respond to the change will define what it is like to experience this landscape for generations to come.

**Since 1986, Central Oregon LandWatch has been working to create well-planned cities and protect wild, open spaces across the region.** As an environmental watchdog and land use advocate, LandWatch defends what matters most to Central Oregonians.
